

Diamond PerfectSmear™

For a perfect smear every time . . .

NEW!

Diamond PerfectSmear™ Blood Smear Device

The perfect solution for safe, error-free blood smears every time. The tool features tapered ends for uniform smearing. Lightweight flexible design protects blood cells from destruction that occurs when using glass slides.

- Easier to achieve consistent, accurate smears
- More cost efficient than glass microscope slides
- Safe polystyrene construction eliminates cuts to hands and fingers

Item #	Description	Packaging
1300	Diamond PerfectSmear™	72/bag

To use the Diamond PerfectSmear™:
Orient the PerfectSmear™ spatula so that the beveled edge is facing down (the raised lines will be facing up). Applying light pressure, simply create smear using your preferred technique.
